

Database Management Systems I

Student Meetings

Student Meetings

- Each group must meet their supervisor once in every two weeks. Every group member must be present in the meeting.
- Groups may clarify their assignment related problems during meetings and get any feedback from supervisor.

Student Log Books

Should contain the following;

- Group No, topic selected, names and the registration numbers of the group members on the cover page
- Date, completed tasks, contribution of each group member for the completed tasks. (names and the registration numbers must be clearly mentioned)

Each group must present their log book to their supervisor during meetings with the supervisor.

Date	Completed Task	Completed By (Name/Registration)
